

To prepare for structured discussions, you need to have information to offer the group as it pertains to the topics or issues discussed. After voting as a class to determine the topics or issues that are of most interest to the class, please complete the instructions in order below for each of the five topics chosen:

1. Identify the topic or issue of concern.
2. Research 5 pieces of factual information and the sources of information for the topic or issue of concern.
3. Create 3 questions you have about the topic or issue of concern that have to be answered in more than a few words.
4. Determine what you think is one way to address the topic or issue of concern.
